After School Science - STEM

Children need more exposure to science, especially hands on challenges! They learn by doing. Engineer, Experiment & Engage!!! Participate in hands on labs to bring scientific principles & concepts to everyday reality! These are STEM labs in action designed to inspire & encourage the children & have them asking for MORE Science!!

Tuesday
2:10 to 3:10
1st- 5th grades

Physics Returns with a snap! 9/5 to 9/26 \$112

Chemistry Astounds! 10/3 to 10/24 \$104

Roving Space! 11/7 to 12/5 \$104

Sea Explorers! 12/12 to 1/16 \$104

Frisbees & Flight! 1/23 to 2/13 \$104

Surprise! 2/20 to 3/13 \$104

Edible Science! 3/20 to 4/17 \$104

Shark Dissection! 4/24 & 5/1 \$62

Register

CHEMISTRY ASTOUNDS: Go with the flow as liquids are poured & magnified! Be prepared for wacky sticky wickie!

SPACE! Take a short flight into space! Add to our knowledge of what lies beyond the stars! Are there secrets in space?

WILDLIFE EXPLORATIONS: Observe raptors & wolves! Bears abound!

SERENGETI OF THE SEA: Add to your knowledge of the realm beneath the sea! Is the cuttlefish really cuddly? What are weird sharks? Join in this watery adventure!

FRISBEES & FLIGHT! Fling it, Fly it, which will go farther? Can you get it to turn left?

SURPRISE: So much science & so little time! Lots to explore in these selected (by the students) popular labs!

EDIBLE AGAIN! The after school lab students requested more tasty science! This lab contains food & children will be tasting! For additional information call office (925-820-2415).

SHARK DISSECTION: Use your senses to explore a preserved shark & understand why dissection to a valuable scientific tool.
